## You Will Like It

As the rolling snowball that grows with every increasing volume with each succeeding revolution, has been the history of Ghirardelli's Ground Chocolate, for over fifty years. Year after year the demand for it has increased by greater and still greater bounds, necessitating frequent increase in factory capacity.

That's evidence conclusive that the peculiarly rich flavor, which is preserved by the Ghirardelli process of preparation, pleases, and that's why we say you will like it.

Ask your grocer for it. Be sure that you get it.
